America's #1 fiberglass entry door.[1]

PROUDLY ASSEMBLED IN AMERICA

Therma-Tru offers the #1 fiberglass entry door[1] on the market, assembled right here in America. As your trusted domestic partner, we're committed to providing the right door for every project, supported by best-in-class lead times.

PROUDLY LOCAL

A DOMESTIC PARTNER YOU CAN COUNT ON

Our domestic supply chain allows us to deliver consistent products and offer best-in-class lead times. When combined with our nationwide network of fabricators, distributors and local support specialists, Therma-Tru helps keep your projects on track.

COMPLETE SOLUTIONS

THE RIGHT DOOR FOR ANY PROJECT, BACKED BY DECADES OF EXPERTISE

We have the doors your customers want — versatile, on-trend styles rooted in American craftsmanship — and the tools you need to find the perfect fit for your project.

PROVEN PERFORMANCE

CONFIDENCE IN EVERY DOOR, IN EVERY REGION

Built on reliability and backed by comprehensive warranties, our product portfolio is tested beyond the strictest national standards for total compliance.

[1]Based on 2024 market data.
Note: See your Therma-Tru seller or visit thermatru.com for details on limited warranties and exclusions.

[1]Comparison of fiberglass to wood doors (both without glass).
[2]Brand Index, 2025 *Green Builder* magazine.

Together, let's make a world of difference.

We're doing our part to build a better world, every chance we get. Therma-Tru® Thrive is our commitment to make safe and sustainable products, support the communities where we live and work, and leave a positive, lasting impact on the environment.

HELPING TAKE CARE OF OUR PLANET

Across all our facilities, we're finding innovative ways to reuse waste materials and expand our recycling efforts.

5+ years on the leading edge of the industry, **reducing harmful chemicals** from our PrismaGuard® paints and stains.

Therma-Tru is proud to be **recognized as the 2025 Brand Leader[2]** by *Green Builder* magazine for offering durable, well-insulated products.

Therma-Tru is proud to partner with Yellowstone Forever, the official nonprofit partner of **Yellowstone National Park**.

BEING A GOOD NEIGHBOR

For over 40 years, we've been proud to partner with 100+ local and national organizations to make a positive impact on the places we all call home.

Building homes for those in need with Habitat for Humanity.

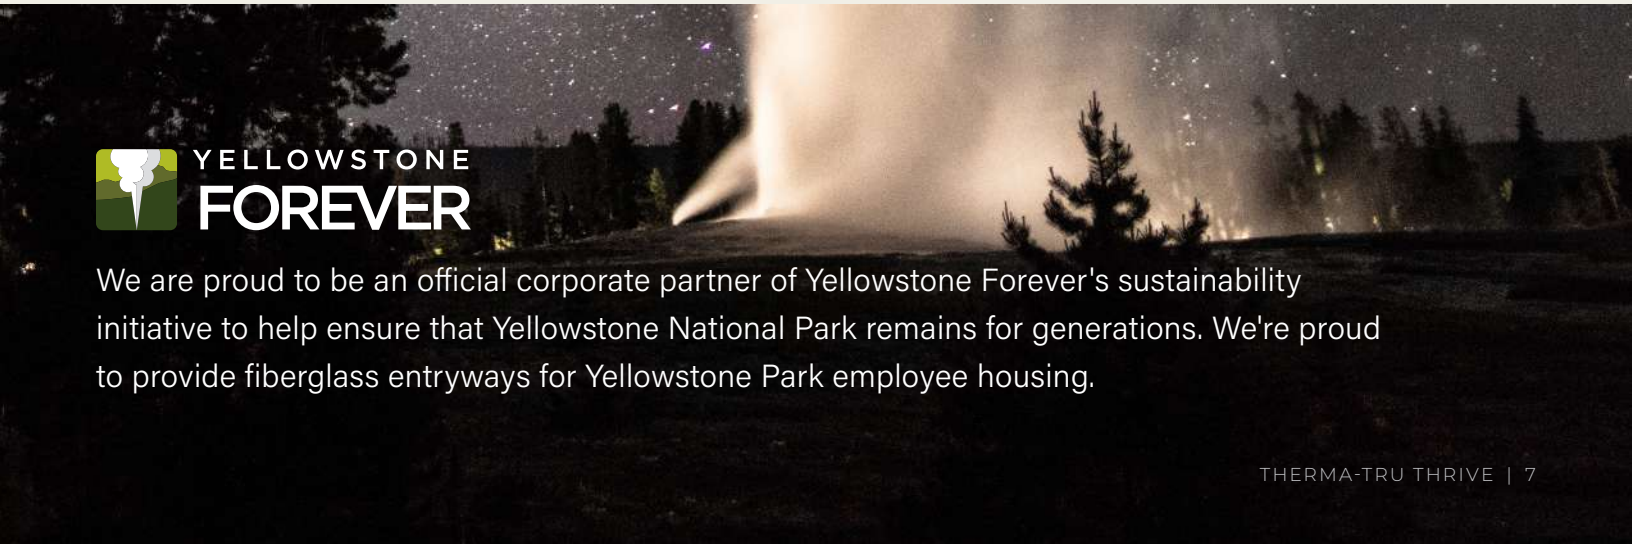

Providing entryways for our nation's wounded vets with Jared Allen's Homes for Wounded Warriors.

Hosting blood and donation drives to support the American Red Cross.

Awards

Veris entryway systems have been recognized by *Green Builder* as a cutting-edge solution that enhances energy efficiency, resilience and sustainability in homes; and by *Architizer* for quality, performance and design impact.

Veris Modern Grain entryway systems received recognition as a winner of the 2025 Product Innovation Awards, published by *Architectural Products*, for outstanding innovation.

We are proud to be an official corporate partner of Yellowstone Forever's sustainability initiative to help ensure that Yellowstone National Park remains for generations. We're proud to provide fiberglass entryways for Yellowstone Park employee housing.

Comprehensive warranties for peace of mind.

LIFETIME
LIMITED WARRANTY

Uniquely designed by Therma-Tru, Classic Craft® complete entryway systems are backed by an industry-leading lifetime limited warranty that can be transferred one time to a new owner, should you ever sell your home.

10 YEAR
LIMITED WARRANTY

In addition, Classic Craft entryways with our handcrafted and professionally applied PrismaGuard® premium stain or paint are backed by a transferable 10-year limited finish warranty — Therma-Tru's best. The balance of this finish warranty can transfer to a second owner.

Next-level engineering.

Classic Craft complete entryway systems are designed with a full suite of premium-grade components, including ball-bearing hinges, medium-reach weatherstrip, 7-shape corner seal pads and more. Each piece is engineered with craftsman precision to create an unrivaled entry experience built to perform for a lifetime.

Premium construction, inside and out.

Highlighting the best of craftsmanship and innovation, Classic Craft® premium entryways boast impressive, well-designed features and remarkable construction. The inner workings of each Classic Craft door lay the foundation for exceptional strength, security, energy efficiency and long-term performance you can depend on for years to come.

ENGINEERED FOR MOISTURE PROTECTION

Features composite top and bottom rails and solid hardwood edges for increased moisture and rot protection all the way around the door.

DESIGNED WITH AUTHENTICITY

Features construction identical to wood doors with narrow stiles and rails, and flush-glazed glass options that are more than 10% wider[1] to welcome more natural light into the home.

TESTED TO WITHSTAND MOTHER NATURE

Designed and rigorously tested to withstand and protect from the damaging effects of harsh weather conditions.

THERMA-TRU® DOOR FRAME

Created specifically for Therma-Tru doors to deliver an entire entry system designed and engineered to work together to resist leaks and drafts, and help maintain energy efficiency and weather resistance.

[1]Comparison of Classic Craft to other standard fiberglass doors with similar styles. Visit thermatru.com for details.
[2]Comparison of R-Values of fiberglass to wood doors (both without glass).

DESIGNED FOR LONG-TERM PERFORMANCE

Features fiberglass skins that are 46% thicker[1] for added durability and better long-term performance.

TRIPLE-PANE CONSTRUCTION

Most decorative, privacy and textured glass panels are enclosed between tempered glass, offering superior quality and thermal performance.

CRAFTED FOR A TRUE-TO-WOOD APPEARANCE

Revolutionary AccuGrain® technology replicates authentic natural wood textures for a look and feel that is virtually indistinguishable from real wood.

BUILT FOR STRENGTH AND SECURITY

Constructed with a 4" wide board of engineered lumber that runs the full length of the locking side of the door for a solid natural wood feel that makes Classic Craft doors 50% stronger and 30% heavier.[1]

CONSTRUCTED FOR ENERGY EFFICIENCY

Built with a high-performance polyurethane foam core that is four times more energy efficient than wood.[2]

True-to-Wood Origins

Revel in the handcrafted look and feel of a premium fiberglass entryway with true-to-wood origins. Discover exquisite textures with grains hand-selected from the finest natural wood species and meticulously recreated with our revolutionary AccuGrain® technology.

FIR GRAIN

Designed to echo the grain of the largest species of American Hemlocks — the Western Hemlock tree — found in lush coastal rainforests of the Pacific Northwest.

WALNUT GRAIN

Crafted to reflect the prized hardwood of the mighty Black Walnut trees, these doors feature a horizontal grain with natural movement accented by delicate arches and cathedrals.

MAHOGANY GRAIN

Derived from the finest African and Honduran Mahogany, blending rustic influences with exotic roots to build upon the rich history of one of the most renowned woods in the world.

CANVAS

Inspired by the world's most exquisite masterpieces and designed with the architectural character of finely sanded wood.

MODERN · CASUAL · TRADITIONAL

A one-of-a-kind experience.
