06 Introducing the New Bespoke Mixed-Metal Collection

15 How to Order

19 Product Details

More Than a Trend

"We look to the past to inform the present as design history tells you very specifically what has stood the test of time and what should be avoided. Mixed metals are CLASSIC and it's hilarious that anyone thinks otherwise. The Egyptians, Greeks, Mayan, and Japanese cultures all have a long standing history of the use of mixed metals. Furthermore, the constraints on manufacturing and materials during WWII aided in the use of mixed metals during the Deco period which proved to be one of the most interesting "graphic" modern styles to date. Mixed metals are a tried and true way of adding personality, contrast, uniqueness, and customization to a home."

Design Authority Member,
Nicholas Moriarty

Featuring L030 in M06

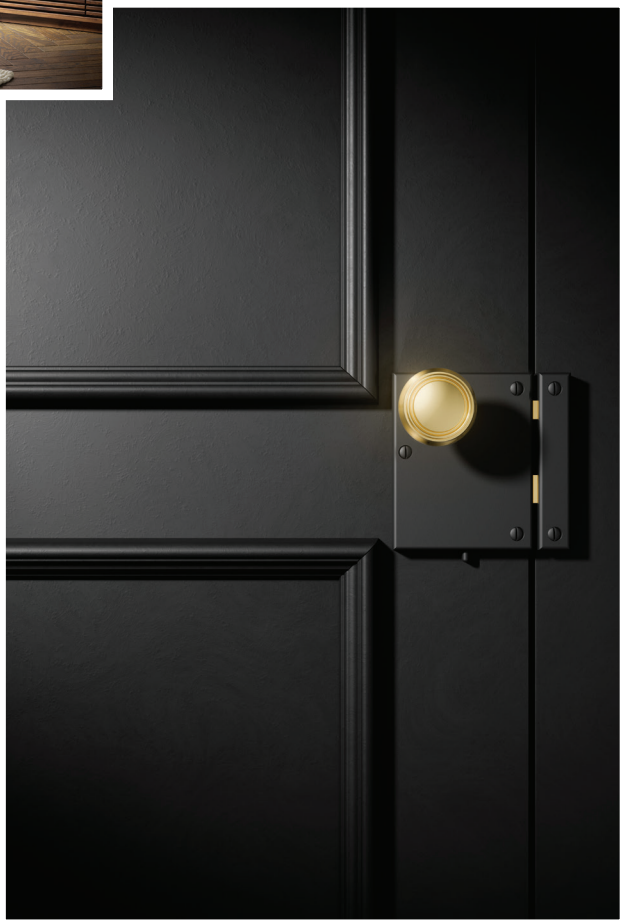

Modern 6" Pull in MDM and R052 in 044 and 5054 Minneapolis Knurled in 190

R035 Rose in 044 with 5023 Knob in 102

Mixing metals can be approached in various ways—try customizing an exclusive, one-of-a-kind design by selecting à la carte pieces from our Estate collection.

Small Vertical Rim Lock in 190 and Nashville 2" Knob in 031

The Collection

The Bespoke Mixed-Metal collection is a celebration of artistry and innovation, offering designers and homeowners the ability to create hardware as distinctive as their vision. With a carefully curated selection of SKUs, this collection allows for seamless customization by mixing and matching from a selection of 14 Baldwin Estate finishes—delivering a level of personalization that is both sophisticated and unparalleled.

Spanning across door hardware, cabinet hardware, and statement pieces, the Bespoke Mixed-Metal Experience brings elevated design to every touchpoint in the home. Whether embracing bold contrast or subtle tonal variations, this collection redefines the way hardware is curated, ensuring each piece is as timeless as it is unique.

Gramercy 10" Door Pull in MCK

Gramercy Mortise Trim in MLD

How to ORDER BESPOKE MIXED-METAL CUSTOM DOOR HARDWARE

Bespoke Mixed-Metal Ordering Process

Finalize Your Selection
Select your desired product and finish options. For questions, contact our customer service team.

Sign & Return Required Form
To secure your production date, return the required order form within 72 hours. Orders will not proceed without a signed form on file. Once received, Baldwin will generate a mockup of your custom product for your approval.

Modifications & Cancellations
Customer has 72 hours from the time the form is signed to request any changes or cancel order. After 72 hours, cancellations will no longer be accepted. Cancellations after this period will incur charges equal to the total expenses incurred on the product.

Mixed-Metal Finishes (M1–M10)

Our M1–M10 multi-metal finishes continue to be available across all Baldwin Mixed-Metal door hardware. These finishes follow our standard Made-to-Order lead time, shipping within 4 weeks of ordering. Orders can be placed through the standard ordering process.

Bespoke Mixed-Metal Lead Time

Designed to your exact specifications, Bespoke Mixed-Metal pieces are semi-custom and one-of-a-kind. Due to their specialized craftsmanship, these items require a longer production time, with an estimated lead time of up to 6 weeks from the date of order placement.

Bespoke Mixed-Metal Returns

Custom products are not returnable.

WE'RE HERE TO HELP

To place an order or for additional questions, please contact our Customer Service Team at:
800-437-7448 or **orders@baldwinhardware.com**

Our team is available to assist with product selection, order processing, and any questions you may have.
