

NOVA 90
HVHZ IMPACT

Plastpro's High Velocity Hurricane Zone (HVHZ) Impact Doors are created, tested, and certified to meet the most stringent wind and impact code requirements in the nation. Our innovative R&D Department has pioneered a unique, patent-pending process whereby a missile-proof shield is built in to reinforce the door. Our Nova series is available in HVHZ impact models and feature direct glazed glass that creates a seamless and elegant design. The large pane glass allows the most amount of light into your home. It features a simple, clean, and modern profile with brushed smooth finish that is available in full lite and 3/4 lite models.

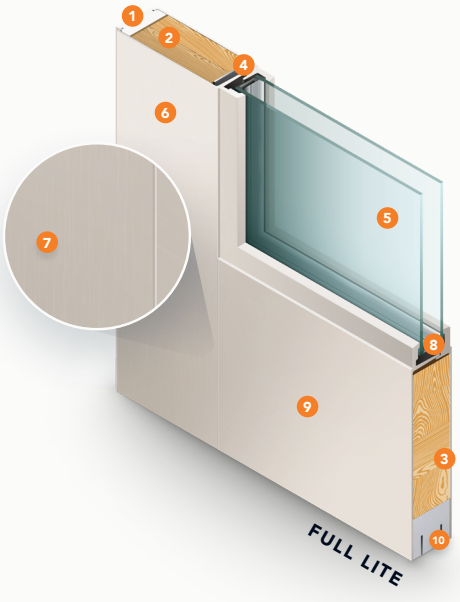

DIRECT GLAZED
